Modeling Real Life

Ex:) The baseball display case is made of plastic. How many square inches of plastic are used to make the case?

Notes:

$$\text{Volume} = 125 \text{ in.}^3$$

OYO:) You have 275 square inches of wrapping paper. Do you have enough wrapping paper to wrap the gift box shown? Explain.

Notes:

$$\text{Volume} = 343 \text{ in.}^3$$
